 - B. Lead leg is on ground in front of hurdle
 - C. Pull trail through
 - D. 5-10 reps each side
- Purpose:**
 - A. Isolate trail leg and pull it clear through to ground
- How to: "1"**
 - A. One step back
 - B. Lift knee-go over phantom hurdle- trail same as before
- Purpose:**
 - A. Get rhythm started but still isolate trail leg

How to: "2" A. Add one more step back
B. Now, high knee, lead leg, trail leg
Purpose: A. Get rhythm going

VIII. 5 TEP DRILL

How to: A. Put hurdles at regular spacing D. Start with high knee short step action
B. 3-5 hurdles E. Go over hurdle and start high knee action
C. Start 6-7 yards from hurdles
Purpose: A. Emphasize high knees to make sure they lead with knee

IX. STARTS TO 1 OR 2

How to: Put hurdles up during starts
Purpose: A. Confidence to hurdle C. Correct step
B. Speed D. It's a sprint race

X. LAY DOWN DRILL

How to: A. lay down hurdles on regular spot
B. Put H2 down 3' short, H3 6' short, H4 9' short, H5 12' short (put hurdle at 36" setting and lay board on line)
Purpose: A. Have athlete sprint normal through the hurdles "3 stepping"

*****EVERYTHING ELSE IS AN ADJUSTMENT OF THIS STARTING DRILL*****

Examples: A. Put first hurdle up - leave others down
B. Put 1 up at 33", 2 @ 30" and the rest down
C. Put 1 up at 36", 2 @ 33", 3 @ 30" and rest down
D. Put them all up at 30"
E. Move spacing to 2' from normal to 1' from normal
F. Set at normal height and pull out 2,4, and go over 1-3-5 (should get 7 steps-may have to cheat hurdles in 4"-6") **GO FAST!**

300 METER HURDLES

Always use 300's as conditioning phase to finish workouts (always do these somewhat tired). Use 300 hurdling to be efficient with both legs and be in great shape

I. BLOCKS TO 1

How to: A. Go from blocks though 1 hurdle
Purpose: A. Confidence, endurance teach go hard to 1st

II. BLOCKS TO 2: SAME

III. BLOCKS TO 5 (go from blocks and go hard, finish and walk back and go again)

How to: A. Regular spacing for 300H marks but usually 3" lower
Purpose: A. Conditioning B. "Decision Hurdling" C. Confidence

IV. BLOCKS TO 5 AND FINISH

Last 100m

V. BLOCKS (Take out 1st 5 hurdles and only go over last 3)

VI. DECISION HURDLING -may be most important drill of all

How to: A. put 4-6 hurdles on the curve C. Athletes run through set and Coach will
B. Spacing doesn't matter change spacing on every hurdle
Purpose: A. Confidence to go over with whichever leg comes up
